RE: Fertilizer Application
DATE: 5-18-21

To protect the safety of District personnel, students, and visitors on District premises from risks associated with hazardous materials and the environmental quality of the District's buildings and grounds. Before pesticides are used on District premises, Oak Lawn-Hometown School District 123 shall notify employees and parents/guardians of students as required by District 123 Board Policy 4:160, the Structural Pest Control Act, 225 ILCS 235 and the Lawn Care Products Application and Notice Act, 415 ILCS 65.

Due to constraints as the result of weather, landscaping partners of Oak Lawn-Hometown School District 123 needed to change the dates of application for a lawn treatment of fertilizer and weed killer to the grounds of the buildings. The new expected application date is May 22, 2021.
