

# Little Soccer People

The Little Soccer People program is for ages 3 to 12 year old boys and girls that are getting their first experience with club soccer.

This program is played in a low pressure atmosphere that works on the basic fundamental of soccer. Certified Coaches use fun and exciting small sided games for practices.

Games are played in 2v2 or 3v3 format with no goalies. This promotes more touches on the ball for each player and confidence in front of goal. This will help with the long term development of the individual player.
